

BackPack Program

"I like the Backpack Club because there is good food, healthy food, and something new every week. It helps Mom not have to worry about food."

Fast Fact:

Research has shown that a student's participation in the Backpack Program helps improve attendance and academic performance while reducing disciplinary actions.

Partnering with the Food Bank:

Partnering with the Regional Food Bank helps schools provide nourishing meals to their students most in need.

The Food Bank creates weekly menus for each school and provides administrative structure and support for the Program. Menus are drawn from the Food Bank's large inventory to provide diverse foods at low cost.

Schools partner with the Food Bank to pick up the food, pack the bags, distribute bags to students, and locally support the Program.

Partner schools work with businesses, individuals, and community and religious organizations to financially sustain the Program.
