

THE BACKPACK PROGRAM

Food Bank of the Hudson Valley 

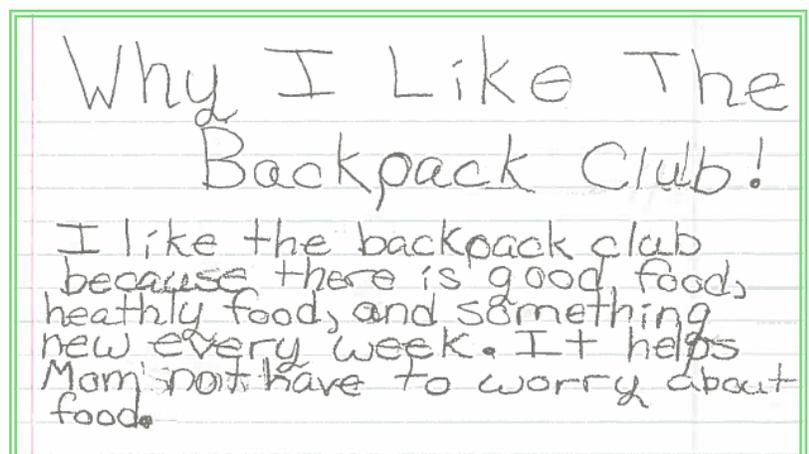

The BackPack Program is designed to meet the needs of hungry children on weekends when school breakfasts and lunches aren't available. The program provides bags filled with food that is child-friendly, non-perishable and easily consumed. Bags are packed each week by school staff and discreetly distributed to participating children every Friday afternoon.

PROGRAM IMPACT

- BackPack partners with 55 schools in 15 districts throughout our six-county service area, serving over 1,500 children each week.
- Over 26,400 bags were distributed during the 2020-21 school year, the equivalent of over 285,000 meals. Feeding America estimates the value of the food distributed at just over \$687,000.
- Bags include nonperishable foods as well as fresh bread and produce. Last school year, over 18,000 loaves of bread were provided to students. Lined up end to end, they would stretch for over 3 miles!
- Over the 2020-21 academic year, nearly 40,000 pounds of fresh produce was included in BackPacks, an amount equal to the weight of three mini school buses. Kids love the fresh fruit as many of them have limited opportunities to enjoy such fresh food.
- Research has shown that a student's participation in the BackPack program helps improve attendance and academic performance while reducing disciplinary actions.
- BackPack food is typically shared with the family, which helps meet the nutritional needs of the entire household.
- The BackPack program helps participating children learn, thrive and grow.

PROGRAM AT-A-GLANCE

- Provides food that is easy for children to recognize and easy to prepare
- The average bag weighs over 14 pounds, containing food for 12 meals.
- Operates for at least 30 weeks during the academic year (October - June)
- Serves the children most in need as determined by school staff who know them best
- Is flexible in design based on each school's capacities and limitations
- Is locally supported by schools, their partners, and generous community members

PARTNERING WITH THE FOOD BANK

Partnering with the Food Bank of the Hudson Valley helps schools provide nourishing meals to their neediest students.

The Food Bank creates weekly menus for each school and provides administrative structure and support for the program. Menus are drawn from the Food Bank's large inventory to provide diverse foods at a low cost.

Schools partner with the Food Bank to pick up the food, pack the bags, distribute bags to students, and locally support the program.

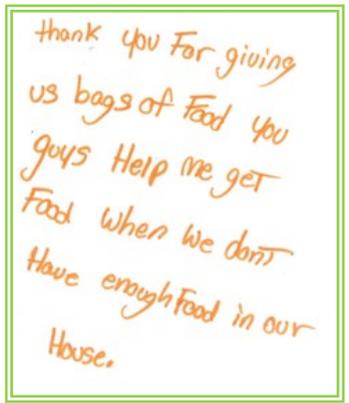

Partner schools work with businesses, individuals, and community and religious organizations to financially sustain the program.

Through these partnerships, the Food Bank is able to meet the needs of children facing chronic hunger and food insecurity and advance its mission of **alleviating hunger... together.**

\$183 Cost of supporting one child for a year

\$2,750 Cost per year to support 15 students

\$5,500 Cost per year to support 30 students
